

# Machine Head, Colors Ice T

I am a nightmare walking - psychopath talking  
king of my jungle - just a gangster stalking  
Living life like a firecracker - quick is my fuse  
Then dead as a deathpack - the colors I choose  
red or blue cuz or blood - it just don't matter  
Sucker die for your life when my shotgun scatters  
we gangs of L.A. will never die....just multiply  
Colors!

you don't know me, fool - you disown me, cool  
I don't need your assistance, social persistence  
any problem I got I just put my fist in  
My life is violent, but violent is life  
peace is a dream, reality is a knife  
my colors my honour my colors my all  
with my colors upon me one soldier stands tall  
tell me what have you left me, what have I got  
last night in cold blood my young brother got shot  
my homeboy got jacked, my mother's on crack  
my sister can't work cause her arms show trax  
Madness insanity - live in profanity  
then some punk claimin they understandin me  
give me a break, what world do you live in  
death is my sect, guess my religion  
Colors!

My pants are saggin braided hair  
suckers stare but I don't care  
my game ain't knowledge - my game's fear  
I've no remorse so squares beware  
But my true mission is just revenge  
you ain't in my sect, you ain't my friend  
wear the wrong color - your life could end  
homicide's my favorite venge  
Colors!

So I'll just walk like a giant - police defiant  
you'll say to stop - but I'll say that I can't  
my gangs my family - it's all that I have  
I'm a star - on the wall's my autograph  
You don't like it - so you know where you can go  
cause the streets are my stage - and terror's my show  
psycho-analyze - try and diagnose me - why?  
It wasn't your brother that brutally died  
But it was mine - so let me define  
my territory don't cross the line  
Don't try to act crazy - cause the shit don't faze me  
if you ran like a punk - it wouldn't amaze me  
cause my colors death - though we all want peace  
but our war won't end - till all wars cease  
Colors!
