

Macy Gray, Why didn't you call me

We went out one night
Everything went right
We got something started
It was outta sight
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you again
Bt the phone I wait
String into space
Thinking about our first kiss
Out on our first date
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you again
Why don't you call me again?
And I'm gonna ask
When I see you again
Thought you would be my man my lover my friend
I never thought it would end so quickly
It would end
I've resorted to
Hanging up on you
I know you know it's me
How else will I talk to you
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you again
Why don't you call me again?
And I'm gonna ask
When I see you again
Thought you would be my man my lover my friend
I never thought it would end so quickly
We had such a good time
Hey! Why didn't you call me?
I thought I'd see you
I thought I'd see you
I thought I'd see you again
