

Mad Caddies, Shut The Door

When you leave
Shut the door
Don't wanna to talk about it anymore
When you're gone
Don't forget to leave the light on
When you go
Please say goodbye to me

Will I go alone
Or will you stand by me
And follow your convictions
You don't try when you know how
Five years to this day
And still you walked away
And left me here cold, blinded
I hear you but I can't make out the words

When you leave
Shut the door
Don't wanna want to talk about it anymore
When you're gone
Don't forget to leave the light on
When you go
Please say goodbye to me

How can you see it through
Or will you turn your head on
Everything we stood for
The dreams that we once shared
And now we turn the page
Another day goes by
We move in new directions
Still hear you but I can't make out the words

When you leave
Shut the door
Don't want to talk about it anymore
When you're gone
Don't forget to leave the light on
When you go
Please say goodbye to me
