

# Mad Caddies, We'll Start To Worry When The Cy

I took a walk through your world today  
Nice place to visit but I wouldn't want to stay  
I want to see how other people live  
Remote control and not a thought to give  
We're going to get up  
We're going to get even  
We'll start to worry when the cynics start believing

After visiting  
I'm sure I'll feel fine  
I'll be placated by the things in my mind  
Locked on the inside while I'm out here running free  
I might be crazy but at least it's really me  
But I won't believe what they say  
Won't ever take  
What they gave away  
I won't negate  
Call me insane  
I might be crazy but at least I won't play their fucking game

Nice place to visit but I wouldn't want to stay  
I want to see how other people get by  
Sense of security by living a lie  
We're going to get up  
We're going to get even

But I won't believe what they say  
Won't ever take
