

Mad Crowd Disease, Knife In My Back

Like a Knife In My Back
When you stick it in and turn it twice

Treat me like I'm not a part of this
Even though I really try
You do it when I'm not around
Leave me with hope
Its all I've got

I wanna wake to see the light of day
Don't want the pain of a Knife In My Back
Can't you see
Its killing me inside
I'm not gonna take it
Gonna start to live

I don't want to see you waiting for me
You're two faced like the darkest coin
Way down the line
You might see
The past six weeks, you left me in the dark

I wanna wake to see the light of day
Don't want the pain of a Knife In My Back
Can't you see
Its killing me inside
I'm not gonna take it
Gonna start to live
