

# Mad Dog Loose, My Party Tonight

Did you ever confess  
In all the stories you are jumping around hello  
Now I'm lightning for fun  
Your trembling secrets in your golden gun hello  
Don't fake it shake it  
Way inside  
Into my party tonight  
I am stealing the need  
To dive into my party tonight hello  
And the picture you left  
Inside the moments of your northern sun hello  
Don't fake it shake it  
Way inside  
Into my party tonight
