

# Madcap, Die

Die! You Motherfuckers! Die  
Die! You Motherfuckers! Die

You take advantage of the little kids  
Just 'cause they don't know what's best for them  
You weeze the juice right out the punk rock scene  
No respect, you've seen the green  
Well, this scene has a purpose  
and it's not for your pocket  
It's to unify each other with colorblind ideals
