

# Madder Mortem, Undertow

Something's changing  
I feel  
I see  
Tearing me to dust  
Stillborn laughter  
My master is here

How do I know?  
Undertow tells me so  
Down I go

Hard-eyed mirrors  
I look  
I see  
Longing to be air  
Long time missing, but waiting around

How do I know?  
Undertow tells me so

I'm lethal  
So stay forever under arms  
When only fear holds you together  
You'll come dancing  
Leave them all

Starving proudly  
I sleep  
I win  
Gone with the wind  
Fairyland waiting  
If I'm small enough, I'll go in

How do I know?  
Undertow tells me so
