

# Madeleine Peyroux, Don't Cry Baby

Honey please don't cry  
Listen to me  
There's no reason why  
We shouldn't agree

If i hurt your feeling  
I apologize  
You're the only one  
That I idealize  
Don't cry baby  
Don't cry baby  
Dry your eyes  
Let be sweetheart again

You know I didn't mean to  
Make you feel blue  
Honest I never do it again

Won't you forgive  
Won't you forget  
Do as I ask you too  
I never let you regret  
If you just start a new  
You know I'm sorry  
Oh so sorry  
Just don't cry baby  
There's no one but you

Won't you forgive  
Won't you forget  
Do as I ask you too  
I never let you regret  
Just start a new  
You know I'm sorry  
Oh so sorry  
Don't cry baby  
There's no one but you

Don't cry baby  
There's no one but you
