

# Madina Lake, Here I Stand

my hands shake cause today,  
i know you're gonna break my heart and,  
my life without you in it  
is a life thats not worth living.  
i'll be strong but i wish i was someone else,  
anyone but me tonight

here i stand, all alone, tonight  
and i wish i was strong enough to breathe  
without you, in my life,  
i wish i was anyone but me.

so i'll start to pretend i'm ok  
but you should know by now that  
my life is smoke and mirrors,  
the one thing is crystal clear  
that i'm the one wishing i was someone else,  
Anyone but me tonight

here i stand (here i stand)  
all alone, (here i stand)  
tonight (here i stand)  
and i wish i was strong enough to breathe (here i stand)  
without you, (here i stand)  
in my life, (here i stand)  
i wish i was anyone but me.

(Where do we go?) (Where do we go?)

inside i start to fall apart. (Where do we go?)  
and i'll pretend i'm holding on (Where do we go?)  
so i guess i'll bleed in silence. (In silence)  
i guess i'll bleed in silence.

here i stand (here i stand)  
all alone, (here i stand)  
tonight (here i stand)  
and i wish i was strong enough to breathe (here i stand)  
without you, (here i stand)  
in my life, (here i stand)  
i wish i was anyone but me.

here i stand (here i stand)  
all alone, (here i stand)  
tonight (here i stand)  
and i wish i was strong enough to breathe (here i stand)  
without you, (here i stand)  
in my life, (here i stand)  
i wish i was anyone but me.
