

# Madness, Rockin in Ab

I used to work nights with my dad  
It was the best job I ever had  
Until some blokes on their bikes came through  
Said "Come on down to youth, brother, see what's  
new";  
Well come on, come on, come on, let's have some  
fun tonight  
Went to the dance like they said I should  
It cost three bob, but it was quite good  
The band were jumpin' and a-jivin' around  
Their 20 Watt amps really made a sound  
Well come on, come on, come on, let's have some  
fun tonight  
Well, I'll have a cup of tea and then I'll change  
me name  
And I'll put my records o-ah-o-ah-on  
Till all the geezers in the flats complain  
"Wish that rockstar bloke was gone" is the moan  
Let's have some fun tonight  
Sold all my records and I bought a mic  
I found some blokes who would do what I like  
I saw the vicar who ran the hall  
He said we can rehearse there any time at all  
Well come on, come on, come on, let's have some  
fun tonight  
We're really rocking now, I've got a bird  
She says we are the best band she's ever heard  
I've got a bike and I'm having a time  
But my mum keeps saying "Rock 'n' roll's a  
crime!";  
Well come on, come on, come on, let's have some  
fun tonight  
All right  
All night!  
Well come on, come on, come on, let's have some  
fun tonight
