Madness, Rockin in Ab

I used to work nights with my dad It was the best job I ever had

Until some blokes on their bikes came through

Said ";Come on down to youth, brother, see what's new";

Well come on, come on, let's have some

fun tonight

Went to the dance like they said I should

It cost three bob, but it was quite good

The band were jumpin' and a-jivin' around

Their 20 Watt amps really made a sound

Well come on, come on, let's have some fun tonight

Well, I'll have a cup of tea and then I'll change

me name

And I'll put my records o-ah-o-ah-on

Till all the geezers in the flats complain

";Wish that rockstar bloke was gone"; is the moan

Let's have some fun tonight

Sold all my records and I bought a mic

I found some blokes who would do what I like

I saw the vicar who ran the hall

He said we can rehearse there any time at all

Well come on, come on, let's have some

fun tonight

We're really rocking now, I've got a bird

She says we are the best band she's ever heard

I've got a bike and I'm having a time

But my mum keeps saying ";Rock 'n' roll's a

crime!";

Well come on, come on, let's have some

fun tonight

All right

All night!

Well come on, come on, let's have some

fun tonight
