

# Madonna, Batuka

it's a long way  
it's a long way  
it's a long way  
it's a long way  
it's a long way  
it's a long way  
it's a long way  
it's a long way

lord have mercy  
lord have mercy  
things have got to change  
things have got to change  
there;s a storm ahead  
there;s a storm ahead  
I hear the wind blowing  
I hear the wind blowing  
let me catch my breath  
let me catch my breath  
will we win this race?  
will we win this race?  
swear the road is long  
and the highway listens  
cause it's a long way  
cause it's a long way  
it's a long way  
it's a long way  
cause it's a long way  
cause it's a long way  
it's a long way
