

# Madonna, Just A Dream

[Chorus:]

Was it just a dream?  
Did I feel your devotion?  
Dreams are never what they seem  
Did we just go through the motions?

I keep your photograph by my bed to remind me  
That I was part of your life  
I say my prayers to the sandman  
That he'll find me fast asleep

Sleep has always been kind  
And in my dreams you'll always be mine  
But in the morning when I wake  
I remember that my heart does ache

[chorus, repeat]

I admit that I did my bit to deceive you  
But sometimes I was afraid  
That this day would come  
How could you just leave me all alone now

I have always been strong  
So I know that I can go on  
But right now I feel so dead inside  
Oh sleep come to me, cause that's where I hide

[chorus, repeat]

All that I have, all I ask  
All my dreams, they fade so fast  
Don't wake me up, not today  
All my dreams will fade away

And I want him, and I need him  
I can't live and I'd die just to see him  
Just to feel his hands on my face  
Smell his skin, and his warm embrace  
Cause it's all that I have  
And it's fading so fast

Mmmm, mmmm  
Uh, uh huh

Now I have always been strong  
So I know that I can go on  
But right now I feel so dead inside  
Oh sleep come to me, cause that's where I hide

[chorus, repeat]

All that I have, all that I ask  
All my dreams, they fade so fast  
Don't wake me up, not today  
All my dreams will fade away

(Was it just a dream?)  
And I want him, and I need him  
I can't live and I'd die just to see him  
Don't wake me up, not today  
All my dreams will fade away

(Was it just a dream?)  
All that I have, all that I ask  
All my dreams, they fade so fast  
Don't wake me up, not today  
All my dreams will fade away  
[repeat and fade]
