

Madonna, Wash All Over Me

In a world that's changing
I'm a stranger in a strange land
There's a contradiction
And I'm stuck here in between
Life is like a desert
An oasis to confuse me
So I walk this crazy ex where has stand where I fall

I don't lie, not trying to pretend that nothing is what it seems
Jump between the impulses, stay or running away from all this madness

Who am I
To decide what should be done
If this is the end then let it come
Let it come
Let it rain
Rain all over me
Like a tide, let it flow
Let it wash all over me
Over me
Let it wash all over me
Over me
Let it wash all over me

All of my illusions
Could be shattered in a second
You can fled a needle with the cheer of my eyes
It should injustice to be with this, two of things I see
Looking for the answer when it's right in front of me
From the Tower of Babylon where nothing is what it seems
Gonna watch the sun going down
I'm not gonna run from all this sadness

Who I was
To decide what should be done
If this is the end then let it come
Let it come
Let it rain
Rain all over me
Like a tide, let it flow
Let it wash all over me
Over me

Let it wash all over me
Over me
Let it wash all over me
