Madonna, You Must Love Me

Where do we go from here? This isn't where we intended to be We had it all, you believed in me I believed in you

Certainties disappear What do we do for our dream to survive? How do we keep all our passions alive, As we used to do?

[Bridge:]

Deep in my heart I'm concealing Things that I'm longing to say Scared to confess what I'm feeling Frightened you'll slip away

[Chorus:]

You must love me You must love me

Why are you at my side? How can I be any use to you now? Give me a chance and I'll let you see how Nothing has changed

[bridge] [chorus]

You must love me
