

# Madox, Girl From Warsaw Streets

Year ago I saw you  
You're dancing all the night was near  
I wish to be a child  
You pouring rain was in my hair  
I lost myself  
But I don't care  
That time I was in love

Where I'm now?  
Give me a sign  
The Girl From Warsaw Streets  
Where I'm now?  
I'm standing here  
City lights shine on to me

The Girl From Warsaw Streets  
City lights shine on to me

Your shining CD eyes  
Founding biting of my heart  
Your light is burning wild  
French café,  
Whenever I will follow you  
I want get in to dark

Where I'm now?  
Give me a sign  
The Girl From Warsaw Streets  
Where I'm now?  
I'm standing here  
City lights shine on to me

The Girl From Warsaw Streets  
City lights shine on to me
