

Maggie Lindemann, she knows it

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
ya she knows it, she knows it, she knows it

I think i'm in love, you're my like my twin flame
You and I we're perfectly aligned, it drives me insane
That he gets to call you mine, when he don't get your brain
Like I do, ya

It's like Ecstasy
When you're next to me
Think that you should leave him
And stay with me

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

What about the things you said that he does
and how everyday with him is like some fight club
We had an instant connection when it took you two months
ya we have more fun

ya

It's like Ecstasy
When you're next to me
Think that you should leave him
And stay with me

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

You seem lonely
And it's so damn cruel
cause you're so back and forth
and you're striking a chord
and you're leading me on
when you know that it's wrong
In denial

Everybody sees but you

I like a girl that's got a boyfriend
Can't seem to get her out of my head
She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

I like a girl that's got a boyfriend
Can't seem to get her out of my head

She knows it should be me in her bed
Ya she knows it, she knows it, she knows it

She knows it, She knows it, She knows it
