

Maggie Reilly, Every Single Heartbeat

Every single heartbeat...

I see you sleeping
Hungry for every smile on your face
I feel you in every single heartbeat

I hear you breathing
Worries are gone and leave no trace
We're closer with every single heartbeat

There's such a rhythm inside my head
My soul is dancing, I'm not afraid
I feel a rush every time you're near
And in the stillness all I hear

Every single heartbeat...
Lost in wonder
How did we find a love like this?
Together we'll chase away the darkness

Every single heartbeat...
It's so amazing
Carried along on waves of bliss
Lifting our spirits, soaring higher

There's such a rhythm inside my head
My soul is dancing, I'm not afraid
I feel a rush every time you're near
And in the stillness all I hear

Every single heartbeat...

I watch you dreaming
Follow you to your secret place
Together with every single heartbeat

I feel the rhythm when you are near
And in the stillness all I hear

Every single heartbeat...
Lost in wonder
How did we find a love like this?
Together we'll chase away the darkness

Every single heartbeat...
It's so amazing
Carried along on waves of bliss
Lifting our spirits, soaring higher

I feel a rhythm inside my head
My soul is dancing
I'm not afraid
In the stillness you are here

Ooh in my soul of love
You changed my life
(Now my heart beats for you)
So many ways

Every single heartbeat...
And all I do
Sending love on its way to you
I don't get down, I'm never blue
I know your heart beats for me too

Every single heartbeat...
And all I do
Reminds me that you feel it too
When I'm alone a voice comes through
Tells me I found love

Every single heartbeat...
Lost in wonder
How did we find a love like this?
Together we'll chase away the darkness

Every single heartbeat...
It's so amazing
Carried along on waves of bliss
Lifting our spirits, soaring higher

Every single heartbeat...
Lost in wonder
How did we find a love like this?
Together we'll chase away the darkness

Every single heartbeat...
It's so amazing
Carried along on waves of bliss
Lifting our spirits, soaring higher
