

Magic Dirt, Sea

Yeah

I waited sitting down on the sand hill
And when I see you walking down the water

Down those waves

Always dreaming about you

See you here

On the spiral sand

Watching everything

With me

Yeah

And I close my eyes and think all the time

About you with me by the sea (yeah)

Well are you down ?

And its next to me

And my life with you

Yeah

And when the sea breaks

Yeah when the sea breaks

Yeah I'm gonna be here down

To meet you there

Yeah and I'm meeting you there

And I feel so pleased with myself

That I'm down by the shore

Showing you more

And yeah I know

We're gonna be here all the while

All the while when the sea breaks

All I have is

Yes all I have is you

Yeah all I have is you

When the sea breaks
