

# Magic Kingdom, Another Sun

Visions in my dreams  
I see my past arise  
A face in the night  
I feel the beauty of love  
Now, you're gone, you're so far  
My pain is burning deep inside

Fly away, far away  
Fly so far and touch the light of another sky  
Another world, another Sun

I will never cry  
we will meet again one more time  
My heart will never die  
Oh god, tell me the sense of our lives  
Now, I'm lost in the dark  
I want to touch your eternal paradise

Fly away, far away  
Fly so far and touch the light of another sky  
Another world, another Sun
