## Magnet, Hold on

These days I dont see you walk to proud These days I dont hear you talk so loud When you thought youd soaked up all of the blows You realized you were not even close & amp; it feels like its tearing you up Feels like its wearing you down Youll get through this if you hang on Cause the truth is youre not alone Youll get through this if you hang on The truth is youre not alone Youre not on your own I see your face on every corner of every street You spend you days just waiting for your next defeat But I can only tell you what I know And all I know is that I just dont know & amp; it feels like its tearing me up Feels like its wearing me down Ill get through this if I hold on Cause the truth is Im not alone Ill get through this if I hang on The truth is Im not alone Im not on my own & amp; you are not alone Its just hard sometimes to carry on No Im not on my own & amp; you are not alone Its just hard sometimes, so hard sometimes But we got to hold on
