

# Magno, Tell Me What You Want

(\*Total\*)

Tell me what you want (ooh)  
Tell me what you want (ooooh)  
Just tell me what you want (ooh)  
Tell me what you want (ooh-oh)  
Tell me what you want (ooh)  
Tell me what you want (ooooh)

(Hook - 2x)

Tell me what you want from me  
Take a look, at what you see  
Let me know, if this right here  
Is something, you can have all year

(Magno)

Magno the kid, they wanna see you doing good  
UGK style, with the diamond in your wood  
And I'm rhyiming in the hood, and I'm trying to make it out  
So I'm trying to take the route, with good timing if I could  
Dropped in the beamer, popped the top on the Zima  
Popped up in the arena, with a top notch diva  
Bitch talk sick, then you gon pop out heaters  
Don't bar getting locked, like a hot block bleeder  
I use to floss through the women  
Now I stay down like toilet seats, in a house full of women  
Paid the cost for the lenin, Parasuko's  
Everyday new clothes, getting tossed in the Bentley  
Magno know that best, I'm getting hard  
Looking at you, in your Astro's throwback dress  
Matching pin well fitted, Gucci lens still tinted  
Lex Coupe outside, and the Benz still kitted, tell me

(Hook - 2x)

(Magno)

Hopped out the big body, felt like something new  
Hopped in the new blue, O2 Mazaratti  
Ice on my body, I can't be stank  
I'd rather make these hoes faint, with the Isi-miaggi  
Dick in your body, just respect you  
They get clicked with the shotty, aim with the tech  
I'm never missing they body, it's only right  
You spend your lonely nights, trying to lick me and slob me

Yeeeeeah, oohh  
Even if you're not with me

(Hook - 3x)
