

Magnum, Sea Bird

Sea bird flies without a word at all
Captivated by the lonely call
Water glistens like a string of pearls
To the beach and through the rocks it swirls

And I gave you all my love
And I gave you all my love

You descend, a mellow wind remains
Till the summer returns once again
Far away, I think I hear your voice
Then it disappears, I have no choice

And I gave you all my love
And I gave you all my love

The only way to make you stay
Got to be with you everyday
And before you go away
Just remember what I say

Sea bird flies without a word at all
Captivated by the lonely call
Water glistens like a string of pearls
To the beach and through the rocks it swirls

And I gave you all my love
And I gave you all my love

You descend, a mellow wind remains
Till the summer returns once again
Far away, I think I hear your voice
Then it disappears, I have no choice

And I gave you all my love
And I gave you all my love
