

# Magnus Carlsson, Give a little love

You're in the right groove  
And you've got the right moves  
You just gotta let go - yeah  
You found my soft spot  
And it's getting too hot  
I've just got to let go  
I've got to let go  
Of all the troubles that the day brings  
And just dive into the night  
So let's leave it all behind and let the loving pour  
Got to give a little love tonight  
You got to give a little love all right  
Get down on the floor  
(Bring a little love tonight)  
You gotta give a little love to make it better  
Give a little love tonight  
You got to give a little love all right  
Get down on the floor  
Give a little love tonight - oh yeah  
You gotta give a little love to make it better  
I'm in the right mood  
And I guess it's understood  
I'm your victim tonight  
Won't put up a fight - no no no  
When you gimme that look of passion  
I surrender in your arms  
We'll be lighting up the night just let the loving pour  
Got to give a little love tonight ...  
Give a little love  
Tonight  
Got to give a little love alright  
Alright  
Bring a little love  
Gotta bring a little love  
you got to give a little love to make it better  
When you give me that look of passion ...  
Got to  
Got to  
Give a little love tonight ... (x2,5 with ad libs)
