

Maja Koman, Beat me

One day a big, black spider
Came to my house and beat me
Beat me good morning
I said good morning
I said something scary to give a little warning
You had me my dear
Now you should disappear
Or should I kill you
Oh yes I will
Or no
Maybe we should a make a deal
Maybe we should make a deal

Yes you can live with me but
You have to be for me
Beat me when I drink to much
Beat me when I make a bad touch
And beat me when I scream at night
Beat me when you know it's alright

Beat me, beat me, beat me,
This poison gives me a fame
Beat me, beat me, beat me
This is our secret, our little game
Beat me, beat me, beat me
Do you have a power
Beat me, beat me, beat me
Every single hour

Beat me, beat me, beat me,
This poison gives me a fame
Beat me, beat me, beat me
This is our secret, our little game
Beat me, beat me, beat me
Do you have a power
Beat me, beat me, beat me
Every single hour
