

Majesty, Nowhere Man

I'm living fast - that's how I am
I'll be never a nowhere man
Stand up and fight to make a stand
I'll be never a nowhere man

Hey you - live the road ahead
Hey you - you can rest when you are dead
Hey you - don't you be afraid
Hey you - there is no more time to wait

Don't be messin'
Just leave 'em guessing
You can be free
Don't you believe me

I'm living fast - that's how I am
I'll be never a nowhere man
Stand up and fight to make a stand
I'll be never a nowhere man

Hey you - time to turn around
Hey you - you can tear the borders down
Hey you - you are strong not weak
Hey you - you should wake up from your sleep

Don't be messin'
Just leave 'em guessing
You can be free
Don't you believe me

I'm living fast - that's how I am
I'll be never a nowhere man
Stand up and fight to make a stand
I'll be never a nowhere man
