

Major Maker, Rollercoaster

I'm a rollercoaster turnin' round,
you look me up when im upside down,
turn on my juke box follow me,
we go together endlessly

We roller skate on the boulavard,
All the fancy people in their fancy cars,
We'll watch the waves crashing in
I see the stars sparkle on your skin

Take you on my ferris wheel,
On this avenue,
Let me take you by the hand,
Cast a spell on you

I'm a rollercoaster turnin' round,
you look me up when im upside down,

turn on my juke box follow me,
we go together endlessly

Kissing on the board walk after dark,
Sit and watch the fire works in the park.
I will be your waterfall
Stilling in your sky
A bit of romance every time we dance,
Magic light in your hair on the avenue

I'm a rollercoaster turnin' round,
you look me up when im upside down,
turn on my juke box follow me,
we go together endlessly (x2)

Waoh, Waoh, Waoh, Waoh
