

Makayla, I Love You

P.S. I wrote this song so dont copy it!!!

I called you on the phone today
Said i loved you
And now im going away
I knew I felt you
When you said
That you loved me
Yes you did
Then you said
I was smack
and you took it back

Make up your mind
Do you feel the same way
As I
I love you, love you
Yes I do
But please tell me
you love me too

I felt so crushed the other day
When you said
Your son just ran away
I feel like doing that too
But boy i love you yes i do

Make up your mind
Do you feel the same way
As I
I love you, love you
Yes I do
But please tell me
you love me too

I wont stop feeling this way
I wont stop coming your way
Please call me soon
Cuz boy, im thinking of you.

Make up your mind
Do you feel the same way
As I
I love you, love you
Yes I do
But please tell me
you love me too

I love you
