

Make It Pop, Summer

School's out, you know what I mean
104 days to do anything
Canon balls into the pool
All our friends are looking cool
I've been countin' down the months, countin' down the days
Countin' down the minutes, every second of day
Yeah

Summer's here
Goin' to the beach with flip flops on our feet
Wish it was all year
Our friends are all around, sun's up, windows down, yeah
Summer's here

Catchin' waves and wearin' the shades
104 days to celebrate
Castles put down in the sand
Water fights while we're gettin' tanned
(We're soakin' up the moment and we're havin' fun
Let's make the most of it, let's enjoy the sun, yeah)

Summer's here
Goin' to the beach with flip flops on our feet
Wish it was all year
Our friends are all around, sun's up, windows down, yeah
Summer's here

When the sun sets and the summer ends
We'll be countin' down the days till it's back again
Yeah, ay, woahh

Summer's here
Goin' to the beach with flip flops on our feet
Wish it was all year
Our friends are all around, sun's up, windows down, yeah
Summer's here

Summer's here, yeah
Summer's here!
Summer's here
