

Make It Pop, United (Who We Are)

Let's come together
We'll build it up and make it better
When walls divide it
We tear them down, become united

It's symptomatic of automatic love
This could be our night
For us to come alive
It's time to show them who we are
Who we are

Who we are
Who we are

So fascinating

Our journey to our destination, mmm
It's so amazing
On this golden road we're blazing
Yeah

It's symptomatic of automatic love
This could be our night
For us to come alive
It's time to show them who we are
Who we are

Oh, oh, oh
Who we are
Who we are

It's so amazing
On this golden road we're blazing
It's so amazing

On this golden road we're blazing

Who we are
Who we are
Amazing
Who we are
Who we are (Ooh)
Who we are
Who we are
Who we are
