

Make shift Romeo, Hurt Me

I don't know why
You have to go on
And treat me this way
You got me disgusted
With all these busted little
Games you play
You want me to back down
But I won't do that now
Cause im not afraid
Now I cant stay
Get outta the way
I'm leaving you today

Push me and I dont like that
Stop that, cause I'm gonna fight back
Listen to me when I say

You're never gonna hurt me, again
And theres no way to take
Back all those things you did
You'll never hurt me ever again
No matter what you say
I'm gonna get away

That is the last time that you'll
Ever put your hands on me
Dont say that your sorry
Dont make things harder
Than they have to be
You can keep your problems
And your drama
That shit I dont need
All I can say is this the way
That this has got to be

Push me and I dont like that
Stop that, cause I'm gonna fight back
Doesnt matter what you say

You're never gonna hurt me, again
And theres no way to take
Back all those things you did
You'll never hurt me ever again
No matter what you say
I'm gonna get away

From all the things that I regret
and all the things I cant forget
for every thing you put me through
I'm leaving here because of you

You're never gonna hurt me
(Hurt me, hurt me)

You're never gonna hurt me, again
And theres no way to take
Back all those things you did
You'll never hurt me again
No matter what you say
I'm gonna get away

You're never gonna hurt me, again
You're never gonna hurt me, ever again
You're never gonna hurt me, again

You're never gonna hurt me, ever again
No matter what you say
I'm gonna get away

You're never gonna hurt me
(Hurt me, hurt me)
You're never gonna hurt me
(Hurt me, hurt me)
You're never gonna....
