

Makle Kfuckle, Animals

All the people live - just like animals
All the people act - just like animals
All the people fuck - just like animals
Maybe even worst

We all play the field - just like animals
We all garbage down - just like animals
We all want to slag - just like animals
Maybe even worst

Ref. Why people are, people are animals?

I came to the conclusion that we
Loosin' something's wrong
Str8 to the devil we be loosin' fo'
So long
So what's up why the hell we acting
Just like hoes
Fuck the dirty dogs anything goes
And it shows
