

# Malese Jow, NO Better

Baby, can I have a moment of your precious time  
So you and me can get it out just for a little while  
I'm gonna be straight, I'm not gonna lie  
'Cause I've had enough  
I've had enough of you don't know everything you put me through  
Just step aside  
you've been blinded by the spotlight  
You're no better than me  
You're no number one  
Baby without you I see  
You're not at all what I thought you'd be  
Everytime that I try you come along and pass me by  
Baby notice me just for once for who I am not what you want  
Mmmm Mmmhmm  
break me down to build that legend in your own mind  
Sorry that I couldn't be another "yes man";  
sit back and watch while you command attention all the time  
'Cause I'm fed up  
I'm fed up with you don't know everything you put me through  
Just set aside  
You're blinded by the spotlight  
You're no better than me  
You're no number one

Baby without you I see  
You're not at all what I thought you'd be  
Everytime that I try you come along and pass me by  
Baby notice me just for once for who I am not what you want  
What you want...!!!!  
You're no better than me  
You're no number one  
Baby without you I see ahh hah!  
You're no better than me  
You're no number one  
Baby without you I see  
You're not all what I thought you'd be  
Everytime that I try you come along and pass me by  
Baby notice me just for once for who I am not what you...  
Better than me!!!  
You're no number one  
Baby without you I see  
You're not all what I thought you'd be  
Everytime that I try you come along and pass me by  
Baby notice me just for once for who I am not what you want
