

Maliah, Stay

Stay

Verse 1: Said we'd always love each other
And you'd never let us end
Then you disappeared on me
Left me alone for your friends

Now

There's a hole in this heart
Cus you promised we'd never
Spend a moment apart
How easily
You looked into my eyes
How easily
That you told me lies
And even though I know
You never loved me anyway
Deep inside of my being
My heart still wants you to stay

Chorus: I'll miss you (Do you really need to go)
I love you (How much you'll never know)
I just need for you to stay (Even though you walked away)

Verse 2: How could forever
Last simply for four months
I knew you were leavin'
Let's just call that a hunch
And I tried so hard
To hold onto my man
It wasn't enough for you
And I don't understand
No matter how much
I denied
No matter how many
Nights I cried
You not coming back
And I can't accept that

Chorus 2x

Bridge: Now can you really say
You wanna do this
You know like I know
You miss my tender kiss
She could never be
What I have been for you
And you know
That is true
And the day will come
That you will come my way
And this time I'll make sure
That you will forever stay

Chorus until music fades
