

Malibu Stacy, Feck This (1985)

Hello there, you bored as well ?
You like 80's movies, sister I can tell
And you crave that natural dreamers' high
I swear

Kiaora, you fear to fly ?
You know your music mama gets you by
And crave that natural high inside
I swear

I will never ever be the one
To wish away your lonely heart
I will never ever be your prayer
We're all grown up and we're all scared
Why am I getting it wrong ?
Why am I getting it wrong ?
Why am I getting it wrong today ?

Hello there, what do you see ?
Just close your eyes and wave the drudgery goodbye
Find that natural dreamers' high
Elsewhere

I will never ever be the one
To wish away your lonely heart
I will never ever be your prayer

Hey you, what's that sound ?
Everybody look what's going down
