

Man, Car Toon

Car toons on the brain, they're driving me insane
Moving up the road to nowhere
Motorway car toon, you're more than just a ruin
Songs that move along and never stay in tune
It's just a muzac picture
Of places I've been and pieces of dream
Just a muzac picture

Cartoon strip
You got me driving down a cartoon strip
Cartoon strip
You got me driving down a cartoon strip
It's just a muzac picture
Of places we've been and pieces of dream
Just a muzac picture

Smokies under ice, it isn't very nice
Living in a fridge in LA shire
Jesus it's so cold, especially when you're old
Trying to live for ever in Fantasia
It's just a muzac picture
Of places we've been and pieces of dream
Just a muzac picture

Bon voyage
