

Man, Country Girl

My darlin' lives in Tennessee
Way across the sea
And though she's just a country girl
She's got a lot of lovin' just for me

I'll say hello my love, goodbye my love
I'll see you in a while
She is the girl I love the best
With sunshine in her smile

Country girl
Wait for me, Country girl
Country girl
Wait for me, Country girl
Ah, Country girl
Wait for me, Country girl

My darlin' lives in Tennessee
Way across the sea
And though she's just a country girl
She's got a lot of lovin' just for me

Well I ain't been to Tennessee but I'm sure gonna go
