

# Mandalay, About You

I counted down  
Just like you did before you said  
It's too short how long I said  
Is too short  
Who's to blame  
I contemplate if it's true  
I'm born to remain star-crossed seems  
He couldn't be respectable  
Discreet  
And if I found  
What she said was true  
What she said about you  
What she said trust you  
I should have known  
When you said that you'd choose me  
All that I want  
Is to see some truth reflected  
And to learn somehow  
And to be strong somehow  
In the state of mind  
I'm in  
And if I found  
What she said was true  
What she said about you  
What she said trust you  
I should have known  
When you said that you'd choose me  
Seperate stay strong  
Seperate be bold  
Seperate be brave  
Seperate you'll grow  
Seperate be brave  
Seperate stay  
And if I found  
What she said was true  
What she said about you  
What she said trust you  
I should have known  
When you said that you'd choose me.
