

# Mando Diao, Give Me Fire

Jimmy you never feared the life ahead  
you never lived the life I gave you  
when I hold you  
Daddy said you're gonna get it  
You're gonna burn before the dawn  
Your blood is poisoning your people  
your own people  
your addiction in the one  
the sweetest one, the precious one  
oh that freedom  
So give me, Give me fire  
It doesn't always have to end  
Oh Jimmy Jimmy Fire  
My love's with you 'til the end  
Coma, your my brightest shining star  
you're my darkness in the morning  
winter morning  
crystal fly over the ceiling  
bugs my dreaming in the night  
the man above decides my future  
where I'm destined  
my addiction in the one  
the sweetest one, my precious one  
oh that freedom  
So give me, Give me fire  
It doesn't always have to end  
Oh Jimmy Jimmy Fire  
My love's with you 'til the end  
My love's with you 'til the end  
Mama, why did you comfort him at night?  
did we forget that he was pure?  
how I miss him  
my love's with him 'til the end, the  
sweetest end, my precious end oh my freedom  
So give me, Give me fire  
It doesn't always have to end  
Oh Jimmy Jimmy Fire  
My love's with you 'til the end
