

Mando Diao, I Don't Care What People Say

I don't care what the people say
I wear my pain everyday
people say it's a waste of time
I say it suits me just fine
you- what's on your mind
last time I saw you, you hide
I don't feel very right
my mom says I'm December child
I don't care what the people say
I wear my pain everyday
people say it's a waste of time
I say it suits me just fine
you- what's on your mind
last time I saw you, you hide
I don't feel very right
my mom says I'm December child
I don't care
