

Mandy Moore, It's gonna be

It's gonna be me baby
It's gonna be good baby
Time I have been patient for so long
How can I pretend to be so strong?
Who can I choose baby?
Feeling its true baby
If Im asking you to hold me tight
then its gonna be all night
[Chorus] Its gonna be Love
Its gonna be great
Its gonna be more then I can take
Its gonna be free
Its gonna be real
Its gonna change everything I feel
Its gonna be sad
Its gonna be true
Its gonna be me baby
Its gonna be you baby
Its gonna be...Its gonna be Love
Time can not rest our love to be fool
How can you pretend to be so cruel?
Maybe its me baby
Maybe its you baby
Maybe its everything weve been dreaming of
We waited long enough
[Chorus] Its gonna be Love
Its gonna be great
Its gonna be more then I can take
Its gonna be free
Its gonna be real
Its gonna change everything I feel
Its gonna be sad
Its gonna be true
Its gonna be your the one to do
Its gonna be me baby
Its gonna be you baby
[Backup singers] The sooner you let two hearts beat together
The sooner you know this love is forever
[Mandy] Its gonna be love
[Backup Singers] Love needs time now or never
[Mandy] Its gonna be love
[Backup Singers] You really got to believe
[Both] its gonna be strong enough
[Chorus] Its gonna be Love
Its gonna be great
Its gonna be more then I can take
Its gonna be free
Its gonna be real
Its gonna change everything I feel
Its gonna be sad
Its gonna be true
Its gonna be your the one to do
Its gonna be hard
Its gonna be stuff
Its gonna be more then just enough
Its gonna be LOVE
Its gonna be Love
Its gonna be sad
Its gonna be true
Its gonna be me baby
Its gonna be you baby
Its gonna be me baby
Its gonna be you
Its gonna be real

Its gonna be love
