

Mandy Moore, Let Me Be The One

Let me be, let me be
Baby, let me be the only one
Let me be the one
You give your love to
The only one
Let me be the one
You give your love to
I hear your records on the radio
I see you talking on the late night show
Every girl wants to be your friend
Don't you know you're always on my mind
Oh how I've missed you since you hit the big time
You hurt me, I just can't pretend
We used to be together
Making dreams, making plans
But you left that world behind
Now I'm asking you won't you
Let me be the one
You give your love to
The one you need baby, baby
Let me be the one
You give your love to
The one that gives you loving, oh, oh
Let me be, let me be
Baby let me be the only one
I see the sadness in your eyes
Don't you get lonely for me sometimes
Long for the love we had
I'll be waiting when that day it comes
You need somebody
Won't you let me be the one
Come to me, put yourself in my hands
We used to be together
Making dreams, making plans
But you left that world behind
Now I'm asking you won't you
Let me be the one
You give your love to
The one you need baby, baby
Let me be the one
You give your love to
The one that gives you loving, oh, oh
Let me be, let me be
Baby let me be the only one
Let me be, let me be
Baby let me be the only one
Let me be, let me be
Baby let me be the only one
Let me be the one
