

# Mandy Moore, Love Shot

Here we are now face to face  
Gonna make it very clear  
'Cause I don't have time to waste  
If your heart is insincere  
Tonight is gonna be the night  
Tell ya how it's gonna be  
Gonna give my love to you  
If you give it back to me  
That's the way I planned it  
That's our destiny  
It only takes a minute  
So come and go with me  
Ain't no doubt about it  
I'm so into you  
Tell ya just what I'm gonna do  
Hit you with my love shot  
Tell me can handle this  
Or is it too hot?  
Only gonna take one kiss to show what I've got  
'Cause I won't stop  
With my love shot  
I don't care what you did before  
'Cause now it's a brand new game  
I'm everything you're searching for  
And you'll never be the same  
Real love is what I'm all about  
Don't you know I play for keeps  
So if you wanna treat me right  
Then you'll get the best of me  
There's no way to fight it  
There's nowhere to hide  
No words to explain  
When you feel it deep inside  
Take you on a journey  
Sure to satisfy  
Baby, come along for the ride  
Hit you with my love shot  
Tell me can handle this  
Or is it too hot?  
Only gonna take one kiss to show what I've got  
'Cause I won't stop  
With my love shot  
With my love shot  
I'm here for you, you're here for me  
And this is how it's meant to be  
You can't deny it  
I'll take you up, I'll take you down  
I'll show you what real love's about  
Come on and try it  
That's the way I planned it  
That's our destiny  
It only takes a minute  
So come and go with me  
Ain't no doubt about it  
I'm so into you  
Tell ya just what I'm gonna do  
Hit you with my love shot  
Tell me can handle this  
Or is it too hot?  
Only gonna take one kiss to show what I've got  
'Cause I won't stop  
With my love shot  
Hit you with my love shot  
Tell me can handle this

Or is it too hot?  
Only gonna take one kiss to show what I've got  
'Cause I won't stop  
With my love shot  
I'm here for you, you're here for me  
And this is how it's meant to be  
You can't deny it  
I'll take you up, I'll take you down  
I'll show you what real love's about  
Come on and try it  
Hit you with my love shot  
Tell me can handle this  
Or is it too hot?  
Only gonna take one kiss to show what I've got  
'Cause I won't stop  
With my love shot  
Hit you with my love shot
