

Mandy Moore, Mommy Don't Drink Me To Bed To

Mommy don't drink me to bed tonight.
What's gotten in to your head tonight.
Did I make you mad?
Is that why you're sad?
Daddy where have you been all my life?
Mommy said that you got a new wife
And there's nothing to do
But I know it's not true
And there's no one to hold me close when i cry
To rock me so gentle till the storm passes by
I'm just a kid but i know when it ain't right
So mommy don't drink me to bed tonight
