Blockades won't win you more votes  
A Cuban adjustment act  
Offer the world a dream  
Dress it up - it's blackmail

Internal matter they say  
For two million dollars a day  
Maybe a future in film  
But Cuban boxers still win

Kidnapped - to the promised land  
The Bay Of Pigs  
Or baby Elian  
Operation - Peter Pan  
America  
The Devil's playground

Across the unfair divide  
Where black will never meet white  
So read my token lips  
As if they never exist

You cannot buy a nation  
Not even Miami mob  
We follow a shining path  
That you will never destroy

Kidnapped - to the promised land  
The Bay Of Pigs  
Or baby Elian  
Operation - Peter Pan  
America  
The Devil's playground

You don't just sit in a rocking chair  
When you've built a revolution  
You don't just sit in a rocking chair  
When you've built a revolution
