

# Manic Street Preachers, Everything Must Go

Shed some skin for the fear within  
Is starting to hurt me with everything

Freed from the memory  
Escape from our history, history

And I just hope that you can forgive us  
But everything must go

And if you need an explanation  
Then everything must go

I look to the future it makes me cry  
But it seems too real to tell you why

Freed from the century  
With nothing but memory, memory

And I just hope that you can forgive us  
But everything must go

And if you need an explanation  
Then everything must go

Freed us eventually just need to be happy, happy

And I just hope that you can forgive us  
But everything must go

And if you need an explanation  
Then everything must go

And I just hope that you can forgive us  
But everything must go

And if you need an explanation, -nation  
Then everything must go
