

Manic Street Preachers, Judge Yr'self

Blessed be the blade
Blessed be the scythe
Dionysos against the crucified

Blessed be the blade
Blessed be the scythe
Dionysos against the crucified

Find your truth
Face your truth
Speak your truth
And be your truth

Find your truth
Face your truth
Speak your truth
And be your truth

Clean your flesh and mock your fears
The brightest sun is the purest gun

Heal yourself
Hurt yourself
Judge yourself

Heal yourself
Hurt yourself
Judge yourself

Blessed be the blade

Dionysos against the crucified
