

Manowar, Army Of The Dead, Part I

Raise thy weapons on this day
Ye shall not die alone

Fight and die let valkyries fly
For they shall take thee home

I promise thee that on this night
Ye shall be by my side

Asgard's halls await with heroes
Brothers that have died

For thee we wait at asgard's gates
Come join us by our side

Valhalla waits so choose thy fate
For all of us must die!
