

# Manowar, Fighting The World

Fight fight fight  
Fighting the world every single day  
Fighting the world for the right to play  
Heavy Metal in my brain  
I'm fighting for Metal 'cause it's here to stay

Fighting, fighting, fighting the World  
I been fighting the World  
Fighting, fighting, fighting the World  
I been fighting  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight

Now people keep asking if we're going to change  
I look'em in the eye  
Tell'em no way  
Stripes on a tiger don't wash away  
Manowar's made of steel not clay

Fighting, fighting, fighting the World  
I been fighting the World  
Fighting, fighting, fighting the World  
I been fighting  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight

See my brother standing by my side  
Only got one thing on ever mind  
Radio's playing this nation wide  
Turn it up louder till we all get fright

Fighting, fighting, fighting the World  
I been fighting the World  
Fighting, fighting, fighting the World  
I been fighting  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight for a living - Fighting the World  
Fight  
Fight - Fighting the World  
Fight for a living - Fighting the World
